We Can Raise It, *Together!*

homes, communities, hope + you

One of the privileges of being involved in the home-building industry is the opportunity to give back to our community and partner with other organizations and businesses. Our current build project will provide homes for **2** families in our community in 2021!

Habitat for Humanity would like to invite your company to partner with us in this very worthwhile and highly visible community outreach project.

Today, home is the classroom for millions of children. Our newest homeowners were able to meet the uncertainty of the pandemic and the new school year with the **safety and stability of their own home**. With a healthy and safe space to study, play, and grow, this family can worry less and laugh more!

Habitat Homebuyer Partners, *Carolyn Parris & Geneva Samuel* will realize their dreams of home-ownership at 125-127 Madison Ave, Pittsfield in 2021!

125-127 Madison build site in progress today.

We hope you will consider partnering with us on this worthy project. Your support will truly be part of making the dreams of home-ownership come true for two families in need!
